## SANTA CLARA TEAM WELL RECOMMENDED

Devereaux Says It Can  
Go With The Best  
Of Them

Quite a bunch of puffs for the Santa Clara baseball team, which is to play in this city this summer, came down by the mails on the Siberia. From these, some of which come from the best of the ball critics in the country, it appears that this is a first-class team, and no mistake. That the aggregation is composed of some pretty speedy men there can be little doubt, as they carry a top-heavy reputation as playing marvels such as few amateur teams in the world can boast.

"Red Dog" Devereaux, of the All-Star Spalding team, who is looked upon as one of the wisest of all the deponents, is quoted as saying, "Having witnessed a number of ball games played by the Santa Clara College team, with other teams, I can safely recommend them to the public of the Hawaiian Islands as being in a class by themselves, having beaten all comers in college baseball. They are worthy to compete for honors with the best teams in or out of this State (California)."

Local baseball fans are catching the fever, and are becoming enthused over the prospect of the coming baseball festival in the middle of July. It is true that baseball does not need much encouragement in this place to make it go, as if any place was ever baseball-mad it is Honolulu; the games go on at the corner lots from sun-up to sun-down, and the crowds which attend games are very large in proportion to the population.

The coming of the teams from Santa Clara College, representing the best development of the American College youth in the national game, and of the Keio University teams, coming at the same time, representing the best that Japan can offer in the same way, ought to be made a very memorable event in the history of local athletics.

Seats are now on sale at the Hawaiian News Company. Many reservations are being daily made, promising that the league officials will meet with just support in their efforts to furnish the baseball public with good games through the summer months.

Federal Attorney starts west to begin suit against Southern Pacific for recovery of \$35,000,000 worth of Oregon land.

## SANTA CLARA LINEUP

The men who played through the last varsity season with Santa Clara were: H. P. Broderick, 1b; J. G. Kennedy, cf; H. A. J. McKenzie, manager; J. D. Peters, utility; A. J. Shafer, ss; E. P. Watson, 2b; T. J. McNally, 3b; C. P. Kilburn, p (captain); J. C. Lappin, lf; J. J. Jones, p; M. S. Shafer, c; V. E. Salberg, rf.

## Diamond Heads Plan Smoker—Choose New Officers

The Diamond Head A. C. held a meeting last night which was of great importance both because of the election of officers held and the fact that at this meeting plans for the big smoker and dance which are to celebrate the anniversary of the club were matured.

This smoker is to be given tomorrow evening at the Armory. Hundreds of invitations are out. The jewels promise their guests the best affair of the kind which has ever been held in the city. They have talent of all sorts engaged, and the fun will run high.

This smoker is to be followed, on Saturday night, by a dance at the Young, at which it is expected 500 people will be present. That all of the friends of the club can be entertained at these two affairs, however, is doubtful, as they have a host of well-wishers, which has been on the increase somewhat since the great successes of the club this season.

The officers elected last night were: Lester Petrie, president; Sam Chillingworth, Jr., vice president; John Clarke, treasurer; James Crews, secretary; William Chillingworth, auditor; E. K. Fernandez, H. H. Clarke, directors.

Last year's treasurer reported a balance of \$200 on hand.

## CHECKERS TOURNAMENT

Something novel in the way of sports in this city is being started at the Y. M. C. A. in the form of a checkers tournament, entries for which are now being received. A number of enthusiastic players belong to the Association, at the suggestion of which the contest was started. A member who is an enthusiast at the game, has offered a gold watch for a prize. It is in the form of an Association badge.

Women of California State Federation of Women's Clubs pay visit to Santa Rosa.

## KEIO ACCEPT! WILL COME ON JULY 7TH

Cablegram Settles Plan  
For Japanese  
Finally

Keio University accepts the offer of the local baseball league to come to this city for a series of games during the middle of this summer. The team is to arrive here on July 7th, by the Korea.

This is the substance of what is meant by a cablegram received yesterday afternoon by the committee, Pat Gleason and F. E. Steere. The Keio men had cabled that they would leave Japan by the Siberia, but were answered that if they accepted they must come sooner. And the message of yesterday, which settles the matter, resulted.

This leaves nothing in doubt about the great international baseball series which is to be played here this summer, except the crowds which the city will be loyal enough to put out, and the outcome of the games when the teams hook up.

## ANOTHER FISH STORY

Reno, Nev., June 3.—J. U. Haley, general manager of the Tahoe and Truckee Railroad, had a thrilling experience while landing the record trout of Lake Tahoe, near Glenbrook, yesterday morning. The railroad men, in holding to the line, was pulled from the boat into the water and along the shore for a considerable distance, before friends rushed to his rescue and pulled him to safety, though he still held his prize. The fish put up a game struggle for half an hour after Haley had been rescued, but it was finally overpowered and pulled to shore. When weighed at the Glenbrook Hotel, it tipped the scales at 33-1-4 pounds, nearly two pounds heavier than a trout caught near the same place in May of last year.

Years ago Matt Parrott, a veteran sportsman of Reno, caught the next largest trout, which until now held the record. This trout was presented to General Grant and his party when they passed through Reno in 1879.

Melville Long made a splash in San Francisco on the 17th of last month by defeating Maurice McLoughlin on the tennis court. It was one of the closest matches which has been seen there, going the full five sets.

## SUNDAY BALL FOR TROOPS

Protests against Sunday baseball playing continue to be received by the War Department, mostly from clergymen, the last being from a Detroit pastor in regard to such diversions on Sunday at Fort Wayne, Mich. The outcome of this protest, however, is simply a renewal of the decision that the best interests of the military service demand that games such as baseball be allowed to be played on Sunday by troops on military reservations, particularly where these reservations do not come into immediate contact with the surrounding civil community.

Because of the Sunday "lid" law and the enforcement of the 1 o'clock closing ordinance city officials of St. Louis, Mo., estimate that the city revenue has been cut more than \$91,000 annually, while the saloons abandoning business have averaged one daily.

Durand, the revolutionary chief at Cerro de Pasco, in Peru, has taken flight.

The Butler and Gus Thompson are the premier pitchers of the Northwest League.

Aberdeen has released Pitcher Jack Hickey to Vancouver.

## SPORTS CALENDAR

June 4—Diamond Head A. C. smoker.

July 4—Start Trans-Pacific Yacht Race.  
July 4—Maui races.  
July 20, 21, 22—Kennel Club show.

## CUP OFFERED KALIH

Baseball and track athletics were discussed last night at the meeting of the Kalia Athletic Club which was held at Cooley Chapel. Baseball is the next thing on the program for this club, and an added interest was given it last night when President Edwin K. Fernandez promised to donate a cup for the winner of the ball series. He announced that the games would soon begin. Paul Burns, baseball captain, is busy selecting men, and practice is going forward all of the time.

Captain William Rice of the track team announced that he has things all ready for the men to start in with the grind of training as soon as the time comes. The team will be gotten into condition to compete in a track and field meet against the Fleet if one is held.

The date of the concert to have been given at Kaliahaena Hall on June 6th was changed to June 13th.

"Don't forget to lubricate" is given by H. E. Coffin, vice president of the E. R. Thomas Detroit Company, as the most important advice for amateur motorists. Mr. Coffin says: "The most common error on the part of amateur motorists is in neglecting lubrication of small parts. Nearly every one will see that the motor is given its regular quota of oil and that the transmission and rear axle are properly filled, but the lubrication of such things as fan, front wheel, steering connection, spring link, and various lever bearings, is entirely lost sight of. Manufacturers place attractive brass oil and grease cups at all important points of the car where it is practicable to do so, but in too many cases they are not used."

Mike Fisher received encouraging news from Japan the other day, and it wasn't about a new treaty being promulgated, either. The information that Fisher obtained came by mail from Waseda University, Tokio, where his stars will play next winter. Ito Abe, the manager of the varsity of Waseda, wrote that the American club would be accorded a welcome at the hands of the Mikado's subjects such as they had never experienced before.
